## Fuller Is Named To Head DPU Overseas Program

Dr. Forst D. Fuller has been named director-in-residence of DePauw University's next Junior Semester Abroad program.

The appointment of Fuller, a professor of zoology, was announced by President William E. Kerstetter.

Fuller's responsibilities will be to coordinate the university's one-semester overseas program at the University of Freiburg in Germany.

The international study program, with 45 undergraduates enrolled, will begin early in February, 1967, when the students, in two groups, depart from New York City.

Headed by Dr. and Mrs. Fuller, one group is scheduled to leave New York February 7 and arrive at Gibraltar Feb. 13. This segment will travel through Spain, southern France and Switzerland before arriving at Freiburg Feb. 24.

A second group, accompanied by Professor Ralph Carl, is scheduled to depart New York Feb. 3, docking at Rotterdam Feb. 13. Carl's contingent will travel through the Low Countries and Germany, reaching Freiburg Feb. 24.

Carl, who teaches Romance Languages, will continue his sabbatical leave once his group arrives in Freiburg.

Both approach trips to Freiburg will concentrate on instruction in art history. Museum and gallery visits and lectures are planned at each major stop.

At Freiburg students will attend classes in German language, European literature, European history and contemporary European developments. Instruction will be provided by Freiburg professors. The students will live in university dormitories.

At the conclusion of the Freiburg residency April 21, students will pursue individual projects in their major areas at various European universities.

Fuller, who directed DePauw's first program at Freiburg, has been a member of the DePauw faculty since 1947. In addition to his teaching duties at DePauw he is also adviser to the pre-medical program.

### Borrowed Bus

BRISTOL, England UPI — Edward Beattie missed the last scheduled bus, so he borrowed another bus from the terminal to make the five-mile trip to his home. He passed a car en route, and in it was the man who normally drove the bus. Beattie was caught, found guilty in court and fined \$56.

### Awards Won By 2 Local Artists

Two Greencastle artists won recognition at the Thirteenth Annual Art Show at Paris, Illinois. Jack Glover was presented an award — one of twelve awards given to paintings of exceptional merit, for his painting "River Street." He had entered paintings in the professional class at the show. A second painting "The Weight of Society" was also accepted for the show.

John C. Calhoun, also of Greencastle, had two paintings selected for the show. One painting "Where is the Witch" received honorable mention.

There are a total of 105 paintings in the show. These were selected from 201 entries from artists within a 50 mile radius of Paris.

The show, sponsored by the Paris Art League, will remain at the Carnegie Library through October 9.

### 20 Years Ago

### Elderly Putnam Citizen Is Dead; Funeral Monday

Oscar Jerome O'Hair, age 95, the oldest living member of the James E. M. O'Hair family of Greencastle and North Putnam County, passed away early Friday afternoon at the Putnam County Hospital.

Mr. O'Hair was the son of Mr. and Mrs. Simpson O'Hair and was born December 12, 1870 near Brick Chapel in Putnam County. He was married to Blanche Stoner on October 17, 1901. She passed away several years ago.

He is survived by one brother, Artie O'Hair, of Brick Chapel and one sister, Mrs. Nellie Welch of Linton, and numerous nieces and nephews.

He owned the O'Hair Family homestead, the original home of his grandfather, James E. M. O'Hair for many years and has resided there, where the O'Hair Family reunions are held each year. Mr. O'Hair was present at the last reunion held Sunday, August 28th but has been in failing health about a year.

He was a member of the Brick Chapel Methodist Church. Services will be held Monday at 2 p. m. at the Rector Funeral Home with burial in the Brick Chapel Cemetery.

Friends may call at the funeral home after 7 this evening.

### Speck May Have Brain Damage

CHICAGO UPI — Doctors were unable to determine Friday whether or not Richard Speck, 24-year-old accused murderer of eight Chicago nurses, suffers from brain damage.

Speck was taken under heavy guard from his cell in the county jail to the Psychiatric Institute in police headquarters Friday for an electro-encephalograph brain wave test.

Doctors administering the electronic test designed to ferret out brain damage said Speck was "extremely nervous" and did not respond properly to the test.

The doctors said Speck seemed to become even more agitated after calming drugs were administered. They suggested he be returned to his cell and the test, ordered by Judge Herbert C. Pasche of Criminal Court, be rescheduled at a later date.

### Ghana To Pay

ACCRA, Ghana UPI — Ghana's military government announced Friday it would pay cash compensation to all civil servants jailed by ousted President Kwame Nkrumah.

### Bus Crash

BIASCA, Switzerland UPI — A Belgian bus carrying British tourists collided with a car on the St. Gotthard Pass highway near here late Friday and skidded off the road into a stream. All 36 persons aboard the bus and the driver of the car were injured.

## Second Fatal Traffic Accident At Mt. Meridian

A 46-year-old native of Turkey was fatally injured in a two-car crash in Mt. Meridian, on U.S. 40, shortly before noon Friday, the Putnamville State Police Post reported this morning.

The name of the victim, whose United States address was Long Beach, California, is being withheld by police until next of kin are notified.

The dead man was driving west on 40 accompanied by Paul Helvey, 22, Covington, Ky.

His car spun out of control on the wet pavement, crossed the divider strip and crashed with an eastbound auto driven by Wayne F. Solomon, 50 New Castle, who was traveling alone.

The native of Turkey was taken to Robert Long Hospital in Indianapolis where he succumbed to his injuries.

This was the second fatal accident Friday in the Mt. Meridian community as William H. Richardson, 38, Indianapolis, instantly killed earlier when his car also went out of control and crossed the divider strip and crashed with a semi driven by James F. Buis, Stilesville, Route 1. This accident occurred just one mile east of Mt. Meridian.

## Bombers Pound N. Viet Targets

SAIGON UPI — American pilots bombed targets on both sides of the demilitarized zone (DMZ) Friday in continuing efforts to choke off the flow of North Vietnamese troops and supplies into South Viet Nam, U.S. spokesmen reported today.

While U.S. Navy pilots hammered oil depots, anti-aircraft sites and supply areas above the 17th Parallel, U.S. Guam-based B52 bombers teamed up with artillery fire to kill 63 Communists near the southern fringes of the six-mile wide area.

The 63 Communists killed Friday brought to 943 the number of enemy dead claimed in "Operation Prairie," the offensive against Communist forces near the border which American commanders said was shaping up as the war's largest and possibly most important battle.

Commanders estimate that another 1,200 Communists have been killed in the two-month-old fight between a multi-battalion Marine force and the North Viet Nam army's 324B Division. It has been a no-kill battle with only three Communists reported captured.

### Meeting Is Held By Cub Pack 99

Cub Scout Pack 99 of the Christian Church held its monthly meeting Monday, September 26, with 82 Cubbers and parents attending.

Webelos opened the meeting by leading the group in the Pledge to the Flag.

A movie on how to glaze pottery was shown. Next, Cubmaster George Gough inducted fifteen new boys into the pack. A total of 56 boys now are members of Pack 99.

The Den Mothers, Assistant Den Mothers, and Den Chiefs are Jean Bailey, Skip Sutton; Dorothy Vaughn; Barbara Bridges, Virginia Knauer; Beverly Wagoner, Paul Wagoner; Betty Eiteljorge, Sonny Fowler. Webelos leader is Robert Knauer and Dave Bailey is Treasurer. Mrs. Eiteljorge's Den 5 had the closing ceremony which was followed by everyone enjoying refreshments of punch and cookies served by Mrs. Wagoner's Den 4.

### Leaped To Safety

SUGARLAND, Tex. UPI — The front wheels fell off a pickup truck driven by James Edwin Allen and at the worst possible time. It happened while the truck was straddling Santa Fe Railroad tracks, and a train was bearing down on the crossing. Allen and his passenger, John Myers, leaped to safety moments before the train smashed into the vehicle.

SHREVEPORT, La.—Master Sergeant Chester R. Kendall, son of Mrs. Amanda J. Kendall of 305 Fifth St., Greencastle, has been awarded the U. S. Air Force Commendation Medal at Barksdale AFB, La.

Sergeant Kendall received the medal for meritorious service as a flight operations superintendent while assigned at Torrejon AB, Spain. He was cited for outstanding technical knowledge, leadership, and job proficiency.

He is now at Barksdale as a member of the Strategic Air Command which keeps the free world's mightiest missile and jet bomber force ready to counter the enemy threat.

The sergeant served in the Pacific Theater of Operations during World War II and is a veteran of the Korean War.

Sergeant Kendall, a graduate of Greencastle High School, attended the University of Wisconsin and the University of Maryland European Division at Torrejon.

His wife, Alice, is the daughter of Mrs. Amy E. Bowman of Route 2, Sonora, Calif.

## Pope Is Leading Peace Crusade

VATICAN CITY UPI — Pope Paul VI, intensifying his campaign for a "just and lasting" peace in Viet Nam, today led Catholics in homes and churches throughout the world in a month-long prayer-for-peace crusade.

The pontiff as dedicated the month of October to prayers for world peace particularly in Viet Nam and asked the church's half billion followers to join him in reciting the Rosary.

Next Tuesday, Pope Paul will personally celebrate a special Mass on the steps outside St. Peter's Basilica to mark the first anniversary of his historic peace appeal before the United Nations General Assembly.

The Pope announced the service in a Sept. 19 encyclical in which he appealed to world leaders to find a solution to Viet Nam war "before it becomes too late to do so."

### Pill Price

LONDON UPI — The Ministry of Health announced Friday doctors in Britain's national health service may charge for providing birth control pills for social reasons.

Under the health service, pills prescribed by doctors are normally free of charge. Patients who require birth control pills for medical reasons will continue to receive them free, the ministry said.

MIAMI UPI—Hurricane Inez, rebounding from a devastating swat at the coffee fields of Cuba, poised for a possible one-two punch at the island today and sent tourists fleeing from the Bahamas.

With a known toll of 151 dead in its wake in the stricken Caribbean isles of Guadeloupe and Hispaniola, Inez pounded into Cuba Friday with 138-mile-per hour winds.

Inflicting heavy damage on Cuba's vulnerable coffee crop, which was ready for harvest, killing one man and "severely injuring" 38 other persons in a swath through villages, the hurricane weakened to 73 m.p.h. and fled to the open sea to regain strength.

Inez' winds built back up to 100 m.p.h. and the Miami Weather Bureau said in a 6 a. m. EDT advisory that its center was located near latitude 21 north, longitude 79-80 west, or about 250 miles south-east of Havana and 350 miles south of Miami. It was moving toward the west northwest at 12-15 m.p.h. and the weather bureau said its "center still is poorly defined after its passage over eastern Cuba."

Small craft in the lower Florida Keys and around central and western Cuba were warned to remain in port.

In Nassau, all airlines reported heavy demand from American tourists seeking to return to the United States as the hurricane moved closer to the Bahamas. Residents made a run on stores to purchase supplies.

America's spaceport at Cape Kennedy went on a preliminary hurricane alert and Louisiana Civil Defense staffs went on standby preparedness in the event the storm veered toward the Gulf of Mexico.

The weather bureau said Inez probably would strike western Cuba today and emerge south of the tip of Florida tonight.

"Our estimate is that it will be due south of Miami about 200 miles away at midnight tonight," said forecaster Paul Moore.

Initial reports from Oriente Province, where Cuban Premier Fidel Castro personally was directing recovery operations, told of at least one dead, 38 injured, and more than 500 homes destroyed or seriously damaged.

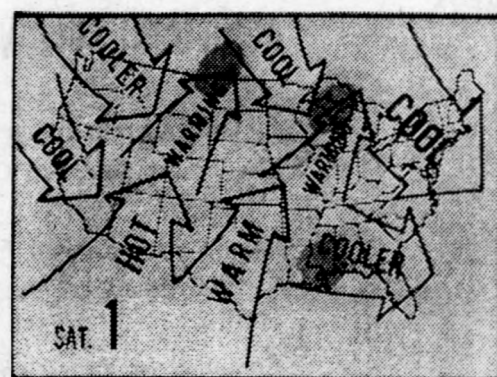

The report, broadcast over Havana Radio, said the death was that of an army sergeant who drowned while attempting a rescue.

## Bomber Crashes Taking 8 Lives

SAIGON UPI — A South Vietnamese fighter-bomber staging aerial acrobatics for Premier Nguyen Cao Ky and a group of Boy Scouts crashed today in a shopping-housing area on the suburban Tan Son Nhut Air-base.

Military spokesmen said "tentative" checks reported eight Vietnamese were killed and 16 others injured including six American servicemen. The Vietnamese pilot of the plane also was killed.

### GROUND BROKEN FOR NEW SCHOOL BUILDING

Ground breaking ceremonies were held by the North Putnam Community School Board Thursday on the construction of the new sixteen classroom elementary school building located just south of the Bainbridge town limits. Prior to ground breaking ceremonies, contracts were signed for the work on the one-story structure. In addition to the 16 classrooms, and administration office, health office, and a multi-

purpose room are included. Members of the North Putnam School Board are shown in the process of "breaking ground" for the new building: Left to right: William Etcheson, John Burdette, Hubert McGaughey, Superintendent of Schools Charles Frazee holding the shovel, Andy Cross, John Crosby, and William Luther.

## In The Good Old Days

### Early Farming

The Putnam County farmers began at a very early day to improve the quality of their livestock, giving especial attention to the breeding of cattle for the beef market. Many of the pioneers came from counties in Kentucky, which had then made considerable advancement in that business. Col. A. S. Farrow and Roach Frakes were among the earliest to introduce fine cattle into the county for breeding purposes. Col. Farrow was also one of the foremost breeders of horses, and owned the first jack in the county. In 1845, Dr. A. C. Stevenson bought some thoroughbred cattle, the first in the county, from Mr. Owen and in 1853 he imported three direct from England.

The first fair for the exhibition of stock, was held on the 7th day of September, 1837, on the ground occupied by the Presbyterian Church recently destroyed by fire. It was but little more than a show of livestock, held on the open ground, and without fees. A committee passed judgment on the merits of animals exhibited, but no premiums were paid. The horse owned by Col. S. S. Farrow was adjudged the best in that department; but the other winners on that day cannot now be remembered.

In the year 1838 or 1839, another fair was held on an open lot, near the present site of the new Asbury University building. At this exhibition, a bull called Tecumseh, owned by Anderson B. Matthews, took the premium in that class.

Since that time, there has grown up among the farmers of the county a spirit of emulation and enterprise, which has been the means of bringing into the county from other states and foreign countries, some of the best stock to be had anywhere.

The Putnam County Agricultural Society was organized about the year 1852, and continued to hold annual fairs for the exhibition of all kinds of stock, produce and manufactures, from 1853 to 1862. From the latter date until 1868, there were no fairs held by the society, owing to the unsettled state of the country occasioned by the civil war. The society was re-organized, and immediately fitted up grounds on the farm of Hon. John A. Matson, east of the Bloomington road, a short distance south of the Terre Haute & Indianapolis Railroad depot, where it continued to hold its annual fairs until its

removal to the new grounds, east of the city of Greencastle, in the fall of 1877.

In the early days of the county, the farmers suffered greatly for lack of markets for their products. The best points at which they could dispose of their surplus grain were Madison and Lawrenceburg on the Ohio, and Lafayette on the Wabash River. In those days, too, they drove their fat hogs on foot to Cincinnati, or to the ports on the lakes. Under such conditions, no one had any idea of the future prosperity of the County.

But a day of change came—the day of the railroads and steam transportation. One of the first railroads in the state was that from Indianapolis to Terre Haute. This road was completed and opened for business early in the year 1852. The last rail on this road was laid on Sunday morning, about midway between Greencastle and Fillmore. Within the following year, the Louisville, New Albany and Chicago road went into operation. The opening of these roads marks a new era in the history of Putnam County. The Indianapolis and St. Louis road, the only other one within the county, was completed on July 11, 1870.

# Tiger Cubs Fall to Tough Plainfield Quakers, 14-6

Greencastle Tiger Cubs tasted defeat last night for the first time. Non-conference foe Plainfield avenged last year's loss by knocking the Cubs from the ranks of the unbeaten 14-6.

Playing without the services of their star halfback, Raymond Churchill, the Tiger Cubs offense just wasn't up to par. Churchill was in uniform, but Coach Bergman evidently thought it would be wiser not to play him and not take the chance of Churchill sustaining a more serious injury.

At the start of the game, it looked like it was going to be another Cub victory. The Quakers' defense had only allowed one touchdown per game scored against them, and the first time the Cubs received the ball, they scored.

Luzar took the opening kick on his 20 and returned it to the 31. Monnett went over right tackle for 5 yards. Luzar straight ahead for 2. See made a first down on the Cub 46. Monnett, See, and Luzar teamed again for another first down on the Quakers' 44. Monnett gained one, and Norris on a roll-out picked up 5 yards to the Plainfield 38. See went for one, and with 4th and 1, Norris handed to the Cubs' bread and butter man Luzar for the first down on the 31. Monnett took for no gain, Monnett again for three, then with 3rd and 7, Norris on a keeper scampered to the Quaker 8 yard line for a first down. Luzar cracked the middle for no gain. Monnett picked up 3, and with 5:31 left in the first quarter, Norris passed to Monnett in the end zone for his first pass completion touchdown of the year. Norris' kick was wide, but the Cubs led 6 to 0.

But after that score, Plainfield's celebrated defense took over and held the Cubs time and time again. Realizing that the Cubs couldn't run against the big forward wall, Norris took to the airways. It almost worked.

Midway in the 2nd quarter, Norris passed the Cubs from their own 23 down to the Quakers' 22, but a 3rd and 20 pass play was intercepted by Brown on the Quakers' 22 yard line.

This is the touchdown that hurt. Plainfield quarterback Casselman dashed 8 yards for the tying TD in last night's game won by the Quakers, 14 to 6. Greencastle players Farber (56), See (20) and Norris (right) try to nail him before he reached the flag, but failed.

National 4-H Week will be ending this Saturday. Some of the members have had exhibits in their schools plus other exhibits displaying 4-H Week. 4-H in Putnam County is composed of 1050 members, 175 Junior Leaders and 40 adult leaders.

The 4-H Council met this week to select 4-H Achievement awards that will be presented this fall. The Council also passed a measure that is hoped to give members more incentive to stay in 4-H the full ten years. Discussion brought up the idea of giving completion pins to all 4-H members completing their projects or leaving the pin system as is and giving an award to the older members. It was decided, starting in 1967, that completion pins would be given as has been. First year members—Bronze; Third year—Silver; Fifth year—Gold; and Ten year members will receive a two day trip to Chicago. The Chicago trip will be limited to a maximum of four boys and four girls. It is hoped that this will be some encouragement for 4-H members to complete 10 years in 4-H.

### Defeats Mooresville

Greencastle High School's Cross Country team ran by Mooresville Thursday night by an 18-43 score. Mike Troyer was the individual winner as he ran the Greencastle course in 10:17. Jim Craig of Greencastle was second and Terry Dowty of Greencastle placed fourth with a career time of 10:56. Team balance once more paid off as Jim Shonkwiler, Don Dowty, Pat Blose, and Charles Whicker gave the Cubs fine scoring balance.

The Tiger Cubs close out their home season Tuesday against Plainfield at 4:00.

The Greencastle vs. Mooresville results follow:

1. Troyer (G); 2. Craig (G); 3. Wallace (M); 4. T. Dowty; 5. Shonkwiler (G); 6. D. Dowty (G); 7. Wetzel (M); 8. Blose (G); 9. Whicker (G); 10. Shober (M).

### NOTICE OF ADMINISTRATION

In the Putnam Circuit Court, Estate No. EST. 66-66.

Notice is hereby given that Roachdale Bank and Trust Company was on the 29th day of September, 1966, appointed Administrator of the estate of George Whicker, deceased.

All persons having claims against said estate, whether or not now due, must file the same in said court within six months from the date of the first publication of this notice or said claims will be forever barred.

Dated at Greencastle, Indiana, this 29th day of September, 1966.

Samuel M. Conner, Clerk of the Putnam Circuit Court.

Attorneys: Lyon & Boyd Oct. 1-8-15-31

A new strain of Hessian Fly has invaded wheat production and has caused severe fly damage in some areas. The entomologists suggest that the Fly-Free date be observed. For Putnam County the date is September 30, for the northern part of the county, October 1, for the middle, and October 2 for the southern. You must realize that these dates are approximate.

What should you look for in selecting wheat seed? Consider half a dozen characteristics when selecting seed wheat. They are yield potential, maturity, straw strength and height, winter hardiness and resistance to diseases and insects.

Six varieties are recommended for planting in Indiana this fall.

Monon, Knox 62 and Riley, newest of the varieties, are early maturing and short strawed. Monon is the earliest maturing and shortest; it has excellent winter hardiness and yield potential. However, Monon is susceptible to leaf rust and powdery mildew.

Knox 62 is weakest in straw strength. Bit is the only variety with resistance to the new "B" race of Hessian fly. If Hessian fly was a problem in your 1966 crop, seed Knox 62 or plant after the fly-free date.

Reed, Redcoat and LaPorte, tall-strawed varieties, are later maturing. A high yielding, mid-season variety with outstanding straw strength, Reed is resistant to Septoria leaf blotch. Reed is less winter hardy than the other recommended varieties.

Redcoat does best under high fertility conditions where lodging losses are a problem. This variety possesses the best combination of resistance to disease, especially stem rust. LaPorte is recommended for the northern one-fourth of the state.

Regardless of which variety you choose, remember to plant only cleaned, tested and treated seed of high varietal purity, the agronomists emphasize. Certified seed is an assurance of varietal purity.

Don't be Conservative Against Jumpy Bidders

Even in a very good game you can defeat a fair number of games and slams by picking the right opening lead. Half the battle is knowing when to be bold and when to be conservative.

West tried a conservative lead against the slam in today's hand and found himself swimming in the minestrone. South won the first trick, drew trumps, cleared the ace of clubs out of the way and got to dummy with the king of diamonds to discard two hearts on the king and queen of clubs.

South then conceded one heart, admitting that he

jumping slam is to take the first two tricks, and your best chance to do that is to lead a suit headed by the ace or king. You have a better chance of finding one matching high card in your partner's hand than of finding two independent tricks in his hand.

On this basis West should lead a heart—and defeat the slam.

DAILY QUESTION

Answer: Bid two spades (forcing to game)—or two clubs if you use weak two-bids. You have a play for game if you find as little as one red king in your partner's hand. You would be horrified if your partner passed you out at one spade.

## Four Germans Held As Spies

PARIS UPI—Four Germans, who used Russian-made dolls to smuggle out information to Communist East Germany, have been arrested and charged with spying at North Atlantic Treaty Organization (NATO) headquarters here.

Two couples—one a naturalized West German citizen and the other from East Germany—were arrested last June but information about their activities was not revealed until Thursday.

The suspects were all born in Czechoslovakia and had lived in Paris after leaving Germany for several years. One couple used false names. They were arrested after a NATO security check and charged with espionage.

It was the second Communist espionage group broken up at NATO in the last three years.

## New Coin Issued

MADRID UPI—Spain today issued a new silver coin bearing the face of Generalissimo Francisco Franco to commemorate his 30th anniversary as chief of state.

The coin, of 80 per cent silver and 20 per cent copper, was the first to be issued in Spain since 1934.

# Regular attendance at church could make the dark situation light again.

## THE SHEPHERD'S STAFF

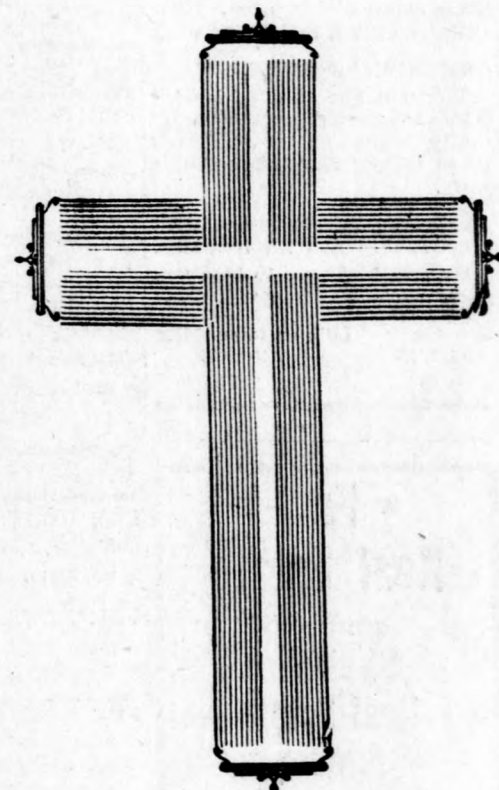

...and you, too, will need it when you pass through the valley of the shadow. We grope blindly through this world as we trample law and order, and the blessings of an Almighty God. We black-out God and every opportunity to do good. The family, the church, the state will suffer for our sins of omission...our failure to possess the earth. Our goal is not the mark of the high calling which is in Christ Jesus. We know He is the light of the world but we don't care to possess it. It is dark about us and apparently we are glad of it. *It is dark about us because we choose darkness rather than light.* Regular attendance at church could make the dark situation light again.

**HOLY BIBLE**  
**THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions stronger democracy. In the church the ministerial are the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. You in the Church and the Church in you form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

© WILLIAMS NEWSPAPER FEATURES  
Fort Worth, Texas

This message is dedicated to the building of a more spiritual and a greater church going community under the auspices of the Greencastle Ministerial Association and is being sponsored by the following individuals and business firms who want, as their only return, to see more people attending church. The church needs your support. The community needs the church.
